HUNGARIAN DIET IN UPROAR AS PEACE IS URGED

Tumult Became So Disorderly That President Adjourned Sitting.

COUNT DEMANDS IMMEDIATE PEACE PARLEY BE OPENED

King Demands Independence for Hungary—Approves U. S. Points.

(ASSOCIATED PRESS TELEGRAM)
Vienna, Oct. 18, Via Basel.—Steps for the organization of Austria on a federal basis proclaimed by Emperor Charles today. The plan does not include the union of Austria with the independent Polish state, the emperor declared. The city of Trieste and the Trieste region will be treated separately "in conformity with the wishes of the population."

(ASSOCIATED PRESS TELEGRAM)
Basel, Switzerland, Oct. 18.—Scenes of tumult prevailed at the meeting of the Hungarian diet yesterday during which demands for peace were made and it was announced that Austria was being organized on a federal basis. So great was the uproar that the officer was obliged to adjourn the sitting. The disorder continued, however, the deputies calling each other "blackguard, liar, traitor, slave" etc.

Dr. Alexander Wekerle, the Hungarian premier, said that the federal states which will be formed in Austria, will organize their economic and military policies on an autonomous and independent basis.

He made an appeal for united action by all parties. Count Michael Karolyi, president of the Hungarian independent party, who followed Dr. Wekerle, demanded that immediate peace negotiations be opened. He said that the committee of interest arising from the policy which has heretofore been followed, according to advice from Budapest.

Count Tisza, the former Hungarian premier, who on a number of occasions had been accused of having a narrow escape from a would-be assassin, attacked Count Karolyi, yelling: "You are entente agents."

Martin Novassy, one of the members of the diet, answered: "We are friends of the entente. Great disorder ensued in the chamber."

Hungary feels herself to be in full accord with the ideas spreading throughout the world along the lines of the noble principles of President Wilson's address. The king's address, which was then read, says:

"Hungary is in danger of invasion. Hungarian troops must be brought back and non-Hungarian troops sent away."

REFUSAL TO ARBITRATE
SHOWED DESIRE FOR WAR

Basel, Switzerland, Thursday, Oct. 17.—(Havas).—At a sitting of the foreign committee of the Hungarian lower house, Count Michael Karolyi, opposition leader, sharply criticized the foreign policy of the monarchy, according to Budapest dispatches. He claimed absolute autonomy for the Hungarians and said that when the Austrian government rejected the British proposal to submit the Balkan problem to arbitration, the monarchy proved that it wished to begin the war.

Count Karolyi said that Austria's foreign policy during the war has been still worse than that which prevailed before hostilities began, and asserted that there were numerous cases when peace might have been concluded.

"When we know that Germany would not give in and that the whole world has arisen against the policy of Germany, which had become hateful to all nations," he continued, "we might have made peace. Our fidelity to the alliance has limits."

Count Karolyi was ruthless in his criticism of submarine warfare, and said that the main mistake of the central powers was in underestimating America. He closed by expressing a desire for the creation of an autonomous Hungary and requesting the abolition of the common institution of the monarchy.

Dr. Alexander Wekerle, the Hungarian premier, in reply, justified the conduct of the government and said that it had created in Germany in a sentiment favorable to peace.

PEACE STOCKS BOOM
ON WALL ST. MARKET

(ASSOCIATED PRESS TELEGRAM)
New York, Oct. 18.—Notwithstanding official warnings from Washington that the war is not yet over, the boom in peace stocks which began early in the week, today assumed broad proportions.

In point of activity and scope the movement represented the many war situations of the stock exchange in 1915 and 1916.

Sales during the first hour aggregated almost 500,000 shares or on the basis of over 2,500,000 shares for the day. Advances in these stocks which it is considered would benefit by a declaration of peace, ranged from 2 to 10 points. The public as well as professional investors were buyers.

EXPECT ALBERT TO RE-ESTABLISH KINGDOM SOON

Rapid Advance of Allies Promises Early Restoration of Belgium.

MAY LAND REINFORCEMENTS AT PORTS IN BELGIUM

Gen. Von Arnim's Army Not Strong Enough To Hold Line.

(ASSOCIATED PRESS TELEGRAM)
Paris, Oct. 18.—Lille, Douai, and Ostend, three great cities, have been delivered from the enemy. This is the most glorious day for the allies since the battle of the Marne and it fittingly terminates a wonderful battle of three months, which was opened by General Mangin's victorious counter offensive on July 18.

Many cities have been liberated and hundreds of square miles of territory retaken. The results have been splendid. But the victory in Belgium is not all. The British south of Le Cateau, have broken into the German positions, and now threaten the Hunding line. The whole German defense system eastward to the Meuse is in peril.

Without exaggeration it may be said that the prospects of the future are even more important than the actual results attained, splendid though they may be. The road to Brussels is open. According to latest advances the French and Belgian armies are advancing rapidly towards Bruges and Ghent. The capture of Ostend makes it possible to land reinforcements and throw powerful forces against the extreme right of the German army.

General von Arnim's army is no longer strong enough to sustain operations on the extended front from the French to the Dutch frontier. It is therefore reasonable to expect that its march across Belgium will be rapid and that King Albert will re-establish his capital earlier than was hoped. At the very moment the Flanders battle was won another offensive was started in the direction of Hirson and Vervins. The object is to take the armies of the crown prince under shelter of the Hunding line on the flank and condemn them to an early retreat toward the Ardennes across the front of the powerful allied right wing.

The way back to Germany lies through two bottom necks separated by the Ardennes—the one between Liege and Dinant and the other between Monezy and Verdun. The latter is already partly blocked. While it may be admitted that the Germans are fighting well and conducting their retreat with great skill, their military machine is in danger of collapse at no distant date.

BRITISH MEET STIFF OPPOSITION AT DOUAI

(ASSOCIATED PRESS TELEGRAM)
With the British Armies in France, Thursday, Oct. 17.—(10:30 p. m.)—Considerable opposition has been met by the British in the regions southwest of Douai, but this fighting died down some hours ago.

In the Lille area, allied troops have reached Roncq. A new crossing of the Lys has been effected south of Wavryghem.

There was little opposition north and south of Lille and the British moved ahead today.

The fourth British army launched a powerful attack from LeCateau southward this morning.

American contingents are participating in the fighting. First reports indicate excellent progress made everywhere against the desperately fighting Germans, who are being driven back toward the Oise. The Sambre river has been crossed at Berlin and the station has been captured. At last reports the allies were well east of the river and still advancing.

SUSPEND TRADING IN SUGAR AND COFFEE

(ASSOCIATED PRESS TELEGRAM)
New York, Oct. 18.—All trading in coffee futures was suspended today by the board of managers of the New York coffee and sugar exchange "pending the result of negotiations with the federal food administration at Washington."

An hour notice, it was said, would be given prior to the resumption of trading. The exchange authorities said it had been deemed "prudent" to take the action decided upon.

10,000 PLANES WORTH HALF MILLION TROOPS

(ASSOCIATED PRESS TELEGRAM)
Washington, Oct. 18.—Lord Svaldenham, British authority on fortifications in a message received today by Major General Kenley, director of Military Aeronautics says: "Impress upon your people that 10,000 airplanes at the present time are worth more than 500,000 troops on the ground and will not require so much transport. We can bring Germany to terms by air forces, that is certain."

President Wilson's reply to Germany's proposals for an armistice to "talk the matter over" received world wide commendation. Ger-

many must indicate by her actions that she really wants peace. Her armies continue to devastate and pillage towns through which they

are retreating. This British official photo shows the street of Sadi Carnot, Bethune. Mere skeletons of the beautiful buildings remain.

NEWARK MEN IN STRIKE PARLEY

Officials of Car Men's Organization Called To Springfield To Meet Federal Official.

Local officials of the Ohio Electric railway were optimistic today and expressed the hope that the strike of motormen and conductors, inaugurated Wednesday morning, would be terminated within the next 24 hours.

J. F. Leedy, president of the local branch of the Amalgamated Association of Street Car Employees, and Levi Loughman, also of the local branch, were summoned to Springfield last night to meet in conference with other representatives from Zanesville, Columbus, Springfield, Dayton, Lima, and other cities affected by the strike. A committee will be appointed from these delegates to meet with National Organizer James L. Long, Ohio Electric official, and Charles Bendheim, member of the war labor board, who was expected to arrive in Springfield today from the east.

Members of the local car men's union met yesterday afternoon in the open air, but nothing was done with the exception of discussing the strike situation. The car men are hoping that the trouble will soon terminate; that the demands will be granted, and that they will resume their runs.

Hope that the labor troubles between employees and officials of the Ohio Electric Railway company would be settled in Springfield with the arrival there today of Charles Bendheim, a member of the war labor board, was expressed by officials of the company in Columbus today, says an Associated Press dispatch to The Advocate.

Conductors and motormen of the Ohio Electric line have been on strike for the past two days. Mr. Bendheim wired James L. Long, organizer of the Car Men's union, from Pennsylvania, last night that he would be in Springfield this afternoon. With his arrival it is expected a conference with the men will be held.

Mob in Unter-Den-Linden Makes Demonstration For Peace—Police Use Sabers.

(ASSOCIATED PRESS TELEGRAM)
Amsterdam, Oct. 18.—A demonstration by the German Independent Socialists in Unter-Den-Linden, Berlin, today, is reported by the Cologne Volks Zeitung. "The crowd sang the 'Marseillaise'. The police, adds the newspaper, prevented the demonstrators from reaching the imperial palace. There was a clash, in which some of the crowd were slightly injured by the police sabers."

HUNS WILL FLOOD BELGIAN LOWLANDS

BRITISH ADVANCE ON VALENCIENNES LINE FROM DOUAI

Withdrawal of Germans From Dutch Line to St. Quentin Continues.

BRITISH NAVY OPERATES WITH TROOPS ON COAST

French Army In New Operation in Champagne May Outflank Foe.

(Compiled from A-P Dispatches).
The German withdrawal from western Belgium and the coastal region shows no signs of halting. The allied forces are pressing rapidly after the retreating enemy and additional cities and towns have been occupied.

From Lille southward the German retreat is not so rapid but the British maintain strong pressure all along the line east of Cambrai.

Further south the enemy is retreating from the angle between the Oise and the Serre.

Zeebrugge, the second and last of the submarine bases on the coast, is reported occupied by the British forces, probably naval units, and the enemy is reported to have evacuated Bruges, which Belgian cavalry is approaching.

British, French and Belgians continue to advance toward Ghent by way of Thielt.

In the Lille region the British are working eastward toward Tourcoing and Roubaix and the fall of these cities would appear to be a matter only of hours. East of Douai Field Marshal Haig is marching toward Valenciennes. In the operations south of Valenciennes Thursday the British took 4,000 prisoners.

The retirement between the Oise and the Serre was made necessary because the enemy was in a pocket, the sides of which were being pressed in by the French. The French are advancing northward from junction of two rivers and have taken Anguicourt, two miles east of the junction and north of the Serre. Northwest of the Argonne forest General Gouraud is battling forward against stubborn resistance and the fighting front west of Grand Pre has been extended to Vouziers. In the neighborhood of Vouziers the French have carried out an important stroke by crossing the Aisne river. Evidently the French aim to advance northeast from Vouziers and outflank the Germans in the Bois forest. This would be of great assistance to the American advance east of the forest.

DISTRICT NEARS GOAL IN 4TH LIBERTY LOAN

(ASSOCIATED PRESS TELEGRAM)
Cleveland, O., Oct. 18.—Fourth Federal Reserve district's subscription at noon were estimated at \$242,671,400, a gain of \$23,000,000 in 24 hours. The district quota is \$600,000,000. The Columbus area passed its quota today.

FLU BAN WILL NOT BE LIFTED

Increase in Number of Cases, With Five Deaths Here, Reported to the Health Board.

(ASSOCIATED PRESS TELEGRAM)
Camp Sherman, Chillicothe, Oct. 18.—Deaths at the cantonment from Spanish influenza and pneumonia have now passed the one thousand mark. With seven deaths reported between 3 p. m. yesterday and noon today, reached 1,008.

According to the reports of the physicians received at the city health department yesterday the epidemic showed a slight increase over Wednesday in the number of new cases of influenza reported. Wednesday denoted a decrease over Tuesday. That day being the one on which the highest number of cases was reported since the epidemic became prevalent in the city. These estimates, however, represent the report of only about one half of the physicians of the city.

Dr. W. H. Knauss attributes the increase of yesterday over Wednesday to the contagion of several members of a family where formerly only one had been ill. So the increase does not represent a greater territory.

Today shows an increase in the deaths from the disease of two. Those succumbing today were: Mrs. Perry McFarland, 83 Mill street; John E. Albert, West Main street; Warren Paul Noon, West Main street; C. Walter Coanour, 47 Gay street; Rollin Lloyd Norris, 11 Burt avenue, and Forest Swartz, Grant street, who died in Columbus of a heart affection following an attack of influenza.

There still is no probability of the ban, which has been on theaters, saloons, soda fountains, schools and churches, being lifted before the week is over.

YOUNG MAN SUCSUMBS TO PNEUMONIA ATTACK

Charles Walter Cocanour, aged 26, died at 620 Thursday evening of pneumonia at 47 Gay street. Surviving are his wife and 13-months old baby. The parents Mr. and Mrs. W. C. M'ADOO ISSUES NEW PLEA FOR MORE SUBSCRIPTIONS TO PUT 4TH LOAN OVER

WASHINGTON, Oct. 17.—Wm. G. McAdoo, secretary of the treasury, has issued the following appeal to American people: "Subscriptions reported and estimated up at noon, Thursday, amount to four billion dollars, leaving at least two billion dollars to complete the fourth Liberty loan. Only two days are left within which to raise this vast sum."

"No country on earth but America could raise so vast a sum in so short a time. America can do it and must do it. The destinies of the world and the hopes of civilization are centered upon America. We shall fail in everything we have fought for and hope to gain in this war if the fourth Liberty loan is defeated."

"Let every true American citizen today examine himself under the white light of patriotism and say whether or not he has done his utmost in this emergency. The highest obligations of duty and patriotism command every true American to go immediately to his bank or to his Liberty loan committee and subscribe to the limit of his ability to the fourth Liberty loan."

RESTRICTIONS ARE PLACED ON FOOD IN NEW ORDERS

Restaurants To Serve Only Victory Bread, One Meat In Each Meal.

SUGAR IS LIMITED TO SPOONFUL TO INDIVIDUAL

Display of Food Must Not Spoil It For Human Consumption.

Mayor Atherton, as chairman of the Licking County Food Administration, has received the new orders regarding conservation of food from the state department and the new rules are effective here beginning next Monday, October 21.

The new regulations deal with the conserving of food in the homes but more especially in the public eating places in Licking county. In issuing the new program for Ohio, Food Administrator Croxton calls upon the public as well as proprietors of eating places to inform themselves of the new regulations.

It has not been deemed advisable or necessary at the present time to act upon the operation of the public eating places, but in cases where patriotic cooperation of such public eating houses can not be secured by other means the administration will not hesitate to secure compliance with its orders through its control of the distribution of sugar, flour and other food supplies.

Twelve general orders are issued in the new regulations.

These general orders prohibit the serving of any bread that does not contain at least 20 per cent of wheat flour substitutes, and of this Victory bread no more than two ounces may be served to a patron at one meal; if no Victory bread is served four ounces of other breads such as corn bread, muffins, Boston brown bread, etc., may be served. Bread served at boarding camps is excepted, as is bread containing at least one-half rye flour. No bread is to be served until after the first course is on the table. Bacon is also barred as a garniture, and only one kind of meat may be served to a patron at one meal. Included in the definition of meat are beef, mutton, pork and poultry. No more than a half ounce of butter is to be served to one person at a meal, and cheddar (American) cheese is limited to the same amount. "Double" cream or cream de luxe is banned.

No sugar bowls will be on the tables, a teaspoonful is the limit for a meal, and then only when asked for. Two pounds is the allowance to be observed for each 99 meals served, including cooking.

No public eating place will be permitted to display food in any such manner as to cause its deterioration so that it can not be used for human consumption. No waste food may be burned, but all must be saved to feed animals or reduced to obtain fats.

The food administration relies upon the hearty co-operation of the vast majority of hotel keepers and other proprietors of public eating places to observe these regulations voluntarily, but is prepared to use the full force of its power against any who would interfere with the success of the plan.

The new program directs special attention toward the conservation of bread and butter, cereals, meats, fats, sugar, coffee, cheese and tea, and fresh vegetables and fruits, which should be served when possible, and to unnecessary suppers, teas, luncheons and banquets, which are condemned as "fourth" meals.

The food administration desires as few fried dishes as possible, in order to save fats. Simplified service, with meats and vegetables on one plate instead of in side dishes, and only necessary silverware, and simplification of the menu card are urged as means of saving not only food but labor and paper. "The general bill of fare should be abandoned because the great variety of dishes listed makes waste through spoilage. Simple bills for breakfast, luncheon and dinner with limited dishes, changed from day to day for variety, are recommended, also the use of hors d'oeuvres, vegetable salads, fruit, sea foods, made-over dishes and animal byproducts, which save staples and utilize many available foods."

SALE OF 10,000 W. S. S. WILL PUT LICKING OVER TOP

With less than \$45,000 worth of War Savings Stamps to sell to complete the year's allotment, Licking county ought to "go over the top" within the next few days.

Reports from ten of the county's seventeen banks and from all of the 23 postoffices except one for the week ending October 17 give cash sales of \$15,000, but complete returns will increase that figure slightly. There therefore remains about \$30,000 worth of W. S. S. to sell to put Licking county in the Victory List along with 23 other counties of Ohio that have already sold their whole year's quota.

In several weeks during the year the week's sale has greatly exceeded \$45,000. If a little effort is made the allotment should be reached within the coming week. The purchase of a single \$5 stamp (October price \$4.21) by one of every six people in the county would turn the trick.

Before 2 o'clock this morning Assistant Postmaster Buckworth of Johnstown, Mr. Buckworth has already sold the stamps. Johnstown, which sold its quota of the Fourth Liberty Loan in a single day, is also making a record in the W. S. S. campaign. This \$20,000 sale is credited to the week ending October 21.

G. V. Clark, R. D. No. 1, Bladenburg, became a member of the Licking County War Savings society today, by buying 200 W. S. S. The Licking County Victory List numbers more than 600 members.

Remember, the sale of \$45,000 worth of W. S. S.—about 10,000 stamps, or one to every six people in Licking county, will put Licking in the Victory List. Buy W. S. S. now and put your home county over the top.

YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

Hurry, Mother! Remove poisons from little stomach, liver, bowels.

Give "California Syrup of Figs" if cross, bilious or feverish.

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given. If your little one is out-of-sorts, half sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that the little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach ache, diarrhoea, sore throat, full of cold, give a tea spoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of the little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle. Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."

CAN'T SEND POISON TO SOLDIERS IN FRANCE

Poisons, explosives, infernal machines, etc., can not be sent to American soldiers abroad in the Christmas packages which have been arranged for by the commander in chief, according to the list of banned articles issued by the Red Cross.

The announcement says that a label given to each American soldier in France, to be sent to someone at home who is probably planning to send the soldier a remembrance.

Recipients of these labels will take them to their local Red Cross chapter, ask for a carton fill the carton with articles not named on the following list—taking care to keep the total weight under three pounds; and return the filled carton to the Red Cross to be inspected, wrapped, weighed and left for mailing, with the overseas label and postage, paid by the sender, attached.

The articles barred are: All poisons, including maled, fermented or other intoxicating liquors. All kinds of poison and all articles and compositions containing poison. Explosives of all kinds. Inflammable materials, including friction matches.

Infernal machines and mechanical, chemical or other devices or compositions which may ignite or explode. Under this classification would come cigarette lighters, etc.

Liquids or liquefiable articles, fragile articles and other admissible matter when not packed in accordance with the requirements of the Postal Laws and Regulations.

All other articles which may kill, or in any wise hurt, or injure another or damage or deface or otherwise injure the mails or other property.

Nothing shipped in boxes make a better gift than a large quantity of one kind of confection.

Use a 27 inch khaki-colored handkerchief to wrap the gifts.

In order to insure delivery of the gifts to the soldiers on Christmas Day, the packages must be mailed on or before November 15.

The cartons have not been received by the local chapter of the Red Cross. Upon their arrival it will be announced in this paper and coupon or label bearers can get them at the headquarters 69 Hudson avenue.

The time when HOME MEANS MOST

Will Your Home Radiate A Warm Cheer This Winter?

Why do some houses seem so cold and dismal during the winter months, while others seem to be so cozy, so congenial and so cheerful? Look around, and your question will be answered. See how homelike that big davenport makes the living room; what a hearty welcome that well furnished dining room imparts; and what an air of sublime daintiness lingers about that bedroom.

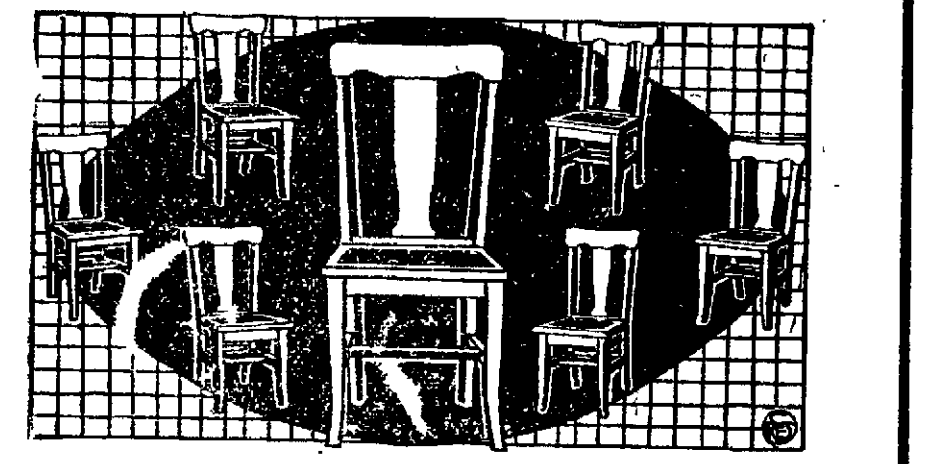

It is good furniture that makes the difference. And because we want you to enjoy that difference, we have made it possible for you to start right now. First, we have made prices so as to place them within your reach, and second, we have so arranged our terms of credit that you may select any pieces now, have them delivered to your home, and pay at your convenience.

Bring This Fine Table 30.00 To Your Home Now

With only a few left you can't afford to hesitate. They are remarkable pieces—modeled after the elegance of the William and Mary Period and finished in American walnut. The table is just a little item so far as expense is concerned, but its value in beautifying the home cannot be figured in dollars and cents.

One Wonder-ful Value \$23.50 In These Six Fine Chairs

Just think of securing six delightfully comfortable and attractive dining chairs at a price which makes you immune from war time advances. These chairs are substantially built of oak, and have upholstered seats. They are built to give service, and will fulfill their duty in every way. You could not make a sounder investment. It is doubtful whether we can maintain this low price any longer than ten days, so you should do your selecting now.

Oak Laurel Heater

The standard by which you can determine the real value of a good Oak Heater. All cast iron parts are made from a special formula, smooth and free from carving. Body is 16 gauge steel. A very satisfactory Oak Heater which we recommend. For either coal or wood. You will find it a highly finished heater with nickel plated side wings and foot rails. Stove, as pictured, in the 13-inch size is priced at

\$20.00

The Twentieth Century Heater

The graceful outlines and many exclusive features have made many friends for the 20th Century Laurel Heater. We call your attention to the patented ingenious punch-feed for supplying fresh fuel to the fire, the automatic poker door for poking the fire, the ventilated hot-blast ring on the exterior of the stove, the slotted fire pot used in connection with the register grate—an exclusive Laurel feature, and the mill ground door frame and door face, giving user absolute control of the fire. The hinge of the ash-pit door cast separately is another worth-while feature.

FEEL MISERABLE FROM THAT COLD?

Colds and coughs are quickly relieved by Dr. King's New Discovery

Nobody should feel "perfectly miserable" from a cold, cough or bronchial attack for very long. For it takes only a little while to relieve it and get back on the road to recovery when Dr. King's New Discovery is faithfully used. It soon loosens the phlegm, relieves irritation, soothes the parched, sore throat, brings comfort. Half a century old and more popular today than ever. 60c and \$1.20.

Make Your Bowels Behave

Make them function with gratifying precision. If regulation of the diet does not relieve their torpidity Dr. King's New Life Pills will. They are perfect bowel trainers, cleanse the system surely, comfortably. 25c.

PROFESSION OF NURSING.

For a number of years, even previous to the war, there has been difficulty in finding a sufficient number of trained nurses to care for sick people and fill the needs of the hospitals. The war with its great demand for nurses for army work, has intensified this situation. During the epidemic of influenza, it proved impossible in many places to secure nurses for service in private families.

Nurses are well paid, and the cost of their services is a heavy tax on working people. A family with several children liable to get sick any time, is at heavy expense if it is in the habit of calling in trained assistance in time of sickness. Yet good nursing is very vital in any cases at all critical. A large part of the deaths among the poor, are due solely to lack of this attention.

It is an arduous profession with long hours and broken sleep. There is also danger of infection in contagious cases.

Yet nurses are very well paid. Their work is such that they can usually take rest periods as they need them. The self sacrifice of the nurse brings many unexpected rewards, many precious friendships and often results in happy marriages, considerations not to be ignored. The nurse has the pleasure of bringing sick people back to health and strength, and it is a life that brings many satisfactions.

One reason why the influenza epidemic got such a hold in this country is that so many people have a wholly wrong feeling about contagious diseases. When scarlet fever is prevalent, there are plenty of people who send children to school when they have caught the disease to give it to other pupils. They dislike so much to be quarantined that they will conceal the suspicious symptoms, until some one is really very sick and they get scared. Then they call the doctor, but not until the child is in great danger. Also he was out among children long enough to imperil a lot of others and spread the epidemic widely.

When any such disease gets started, and a person becomes slightly ill with suspicious symptoms, he should not force himself to go to work. He will do much better for himself and his employer or his own business, to take a day off and send for the doctor. If he hasn't it, a day's rest will set him on his feet again. If he has it, then he saves giving it to a lot of others. Also by taking it in time, his chances of getting off with only a slight attack are greatly improved. He is likely to have a much smaller doctor's bill.

Doctors are sometimes complained of for not reporting contagious disease more promptly. Probably some are negligent. Yet the trouble is no doubt that most physicians hate to pronounce it a contagious case until they are sure. But persons that have suspicious symptoms ought to be more carefully isolated.

Had this influenza epidemic been met with adequate measures at the start, many lives could have been saved and interruption of our war activity prevented. We have had a lesson in the power for harm of such epidemics. Our people should co-operate heartily whenever any such infection threatens to become general.

Some people can't fight because they are too old, and they are too young to have saved money to buy bonds and support the fighters.

Right now is the time to fight the "next" war. On to Berlin.

Some one asks what song it would be appropriate for the Hun to sing on leaving the Hindenburg line? The Lost Cord, of course.

WHAT'S TO DO WITH THE KAISER?

(Philadelphia Record.)
Referring to an earlier peace-feeler of Germany's, Lloyd George, speaking in London some time ago, called it "a dagger wrapped in the Sermon on the Mount." This splendid epitaph for the Maximilian proposal, and the dagger is still in the hand that is "extended only for an honorable peace." Must we, to get at the root of all evil, insist upon the prompt amputation of that hand? Shall we go to the length of insisting upon the detestable of the Kaiser as a preliminary to discussing the terms of peace with Germany? The prior dupes of the Kaiser have yet to be educated. They must be taught—and that quickly—to speak for themselves. They themselves must pass the hand that holds "the dagger wrapped in the Sermon on the Mount," the hand that is still manipulating every wire calculated to anchor the Hohenzollern dynasty to the tottering throne. It was his hand which operated the puppet Maximilian and made it speak "peace" and it is unquestionably his hand which moved the Fatherland Party to denounce that peace proposal, as the latest cable dispatches report they are doing. The devilish destroyer of the world's peace is still playing fast and loose, and he must be stopped.

If the damphool Deutschland, after all its sufferings, is still so stupidly submerged as to wish to keep its Kaiser, it is no concern of our people, but it will be our concern to see that it keeps him gagged and impotent. It's little we need to care what goes on in Germany after a peace of our own dictation shall have made all right with the outside world. We only demand that Germany shall never again have a word to say, nor the chance to launch a devilish deed, to trouble the concord of the other nations.

Our only assurance of this lies in the actual democratization of Germany. We will deal with the people, and not with their rulers. We may not our unforgiving the Kaiser, although we would be very willing to let the Kaiser's people must. They should not have peace otherwise, and it will not come to them until they have given guarantees to pay the last penny of debt for the devilish excesses of their warlord.

SERBIA COMING BACK.

(Pittsburgh Gazette Times.)
There is something of the irony of fate in the recent successes accorded to the Serbian army on the Southeastern battle lines. It was upon Serbia that the first wave of the German offensive, the first days of the war, upon little Serbia's shoulders was loaded the blame for the outbreak of Russian and Austrian madness. Very early, too, in the conflict, Serbia was utterly crushed, her army largely destroyed, and her population decimated by cruelty, disease and starvation.

FRUITS OF FOCH'S STRATEGY

(Kansas City Star.)
Swiftly Marshal Foch develops the great continuous offensive that is turning the Germans out of France or toward inevitable destruction or capture. Without pause, steadily, fatefully, the irresistible military machine he has constructed and which obeys his touch like some animate thing strikes, now here, now there, always at the enemy's weak point or at some place beyond reach of reinforcements.

We have seen the process going on now for three months and with varying results. The enemy, inevitably outnumbered at the point of attack but unable to strengthen his assailed front because the Foch tactics have pinned his reserves down in each sector, is forced to give ground and yield prisoners and seek to get his main forces away to new defensive positions. Thus his whole line has been broken, sector by sector, and each front compelled to reform, or to attempt a reformation, in conformity with the general defensive plan, which now, as all the world knows, involves a retreat out of France. Ludendorff is struggling desperately to save his armies, to avoid the jaws open to crush them and to reach a position where he can reconstitute them into some semblance of a defensive organization. To do this he must have breathing time.

Foch is giving him no such breathing time. He is keeping the whole enemy line oscillating from the Argentine to the sea. His bag of tricks, the best barometer of a commander's success, has grown to enormous proportions, far exceeding anything the German has been able to show in his most successful campaign. Ludendorff's sweep into the Venetian path is believed to have brought him one-fourth million prisoners from Cador's army. But Foch's captures since he took the initiative in July probably have been not fewer than 350,000. This figure is exclusive, of course, of the captures on all other fronts.

The enemy's forces that are not killed or captured are driven, herded we may say, as cattle are rounded up and herded where their drivers want them to go. Foch knows where that point is, and the enemy, in the condition in which he has been reduced by the marshal's strategy, has little power left him to do otherwise than go there.

Whether he is driven there to a Sedan or is whittled away by captures on the road is all one. It is the enemy's armies that are Foch's objectives, and at the rate they are falling into his bag the question of an armistice to allow the enemy to withdraw is rapidly becoming of no importance either to the enemy or to us.

SOMETHING TO THINK ABOUT

(Cleveland Plain Dealer.)
Washington is in no hurry to answer the Austrian plea for peace. The reply to Germany was hurled across the Atlantic with most undiplomatic promptness, but Austria is kept waiting. It may be highly beneficial for Austria to study the message to Germany and to absorb its full significance.

HOROSCOPE PREDICTS EVENTS OF THIS YEAR

An interesting horoscope for the year of 1918, which is the possession of George Whitehead of this city, has been followed by Mr. Whitehead and many of his friends.

The prophecy as made by Gabriel Neith's reading of the stars, in many incidents coincided with actual events as the year has advanced. Gabriel Neith is one of the foremost astrologers in America, and he predicted that before the year was over peace would be reached.

Month by month he outlines events, and of particular interest is his prophecy that during the month of October the world would be startled by great disasters at sea. This month, so far, has been prolific of many disasters and heavy loss of life at sea.

He also foretold of an epidemic which was to affect the head, throat, nose and heart which may be taken to mean the present epidemic which is sweeping the country.

Changes of administration, and of policy are foretold and of Belgium he said: "Belgium finds a swing toward betterment in the chart of King Albert. Summer and autumn herald better days. Of Turkey he foretold: "Turkey tends to collapse either through revolution, treachery or some treaty. It is adverse to the ruler, tending to death or loss by violence."

Speaking of Germany the astrologer said in 1918: "It is very adverse for the Kaiser. If he survives the end of 1917, the train of events ends in death or ruin. The German people may throw off the yoke during 1918-19."

For November he said: "Confusion in national life, danger to officials; adverse to hotels, schools, public resorts and theatres; railroad or aviation accidents; increase of fraud, complicated situations for the government; new legislation advanced and some success to the President. Adverse to stock exchange. Political activity and some changes in office. Excitement."

WILL TURN CLOCKS BACK ON OCT. 27TH

Washington, Oct. 18.—No effort will be made by Congress to continue the existing daylight saving law and the hands of the clocks will be turned back an hour Oct. 27, as originally planned. This decision was reached yesterday at a conference between congressional leaders and Chairman Darach of the war industries board, who had recommended that the law remain in force for the period of the war.

The senate recently passed a bill to continue the law in effect indefinitely and it now is pending in the house.

LIFTS BAN ON USE OF AUTO ON SUNDAY

Washington, Oct. 18.—Fuel Administrator Garfield yesterday lifted the ban on gasolineless Sundays, effective at once. Should gasoline stocks again fall dangerously low, it was stated at the fuel administration, the request will be renewed. It is probable that priority orders will begin for shipment of gasoline overseas.

In announcing the withdrawal of the request, the fuel administration said through the loyal response of the public, 1,000,000 barrels of gasoline was saved for the military forces.

THINKS ACTION WILL HELP CONTROL "FLU"

Columbus, Oct. 18.—With the lifting of the ban prohibiting the use of gasoline on Sundays state health officials here hope that the influenza epidemic will be checked. Acting Health Commissioner Egan said today by the lifting of the ban, many people will get much needed fresh air, which is known to be one of the best preventives of the disease.

PAINS AND ACES YIELD QUICKLY TO SLOAN'S LINIMENT

Are you tormented by Neuralgia, Lumbago, Sciatica or any of those aches that require a counter-irritant? Then let the soothing, warming application of Sloan's Liniment stop the pain by drawing the blood away from the congested part.

It is the pressure on the nerves by the blood rushing to the inflamed muscle or joint that makes you ache. So when Sloan's Liniment relieves the swollen blood vessels by setting up a counter-irritant on the surface, the circulation is equalized, sympathetic nerves all soothed, and soreness or lameness disappears.

Sloan's Liniment is probably the counter-irritant most widely used to overcome painful inflammation in cases of neuralgia, sore muscles, wrenched joints, strains, bruises, gout. Rubbing is not required. This clear, clean liquid is easily applied as it does not stain the skin.

Proof that Some Women do Avoid Operations

Mrs. Etta Dorion, of Ogdensburg, Wis., says:

"I suffered from female troubles which caused piercing pains like a knife through my back and side. I finally lost all my strength so I had to go to bed. The doctor advised an operation but I would not listen to it. I thought of what I had read about Lydia E. Pinkham's Vegetable Compound and tried it. The first bottle brought great relief and six bottles have entirely cured me. All women who have female trouble of any kind should try Lydia E. Pinkham's Vegetable Compound."

How Mrs. Boyd Avoided an Operation.

Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well."

"My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to try Lydia E. DESTROYERS MAKE GOOD RECORD IN THREE MONTHS

(Correspondence of the A. P.)

American Naval base, France, Oct. 17.—The record of submarine activity for the summer months, June, July and August, the period most favorable to submarines, is now practically made. It shows two highly satisfactory results: a steady fall in the allied shipping sunk and a steady rise in the submarines destroyed.

Not one of the incoming troop ships has lost and every soldier landed. Such losses as have occurred have been on outgoing ships, mainly freighters going back with little or no cargo.

As the American naval convoy service has borne the brunt of this protection, the results achieved for the first summer are a notable tribute to the American fleet. In the Mediterranean there are the five allied navies operating in the protective service, French, British, American, Italian and Japanese.

Here on the Atlantic coast, however, the French and American fleets furnish the convoys and protective service and along 300 miles of the front the American service has a foremost part, particularly in the huge movement of troops and supplies from America.

The record of tonnage losses for the summer will be close around 250,000 tons, or about 50,000 tons less than the monthly losses at the opening of the year and 100,000 tons less than the losses in January. In January the losses stood at about 300,000 tons. They counted steadily through February and

March until the March total was around 350,000.

Then a sudden decrease began, then in April the losses were down to 260,000; again they mounted slightly in May to 280,000, then there was another fall to 250,000. In July they stood at 250,000, and this has been the level to the close of the summer.

The percentage of losses on the Atlantic route since the convoy system began May 25 last is less than that of any other route. In the Mediterranean the percentage of losses is about one and one-half per cent and on one exposed route it runs up to 18 per cent. But on the Atlantic route where the American convoy is chiefly the percentage of losses is around one per cent. As to the loss of submarines the one fact known definitely is that they are being destroyed faster than they are being built.

LICKING COUNTY'S SOLDIERS AND SAILORS

Readers are invited to contribute to this department short paragraphs giving changes of location, present address or personal items regarding our boys who are now in service.—Editor.

Sergeant W. M. Harris, a former employee of the McDaniel restaurant, now located with Company L, third chemical battalion at Edgewood, Md., writes friends in this city that he has been expecting his company to be sent overseas for the past several days and that all the boys are restless on account of the fear that they will not get a chance to take a crack at the Boches.

Eaker C. Cunningham, who went to Camp Sherman a year ago, but who was later transferred to the engineers, and who has been promoted to sergeant, is home for a short time. He will return to Camp Humphreys, Virginia, tonight. He is in Company G, development battalion.

Mrs. Mary Chester, of Railroad street has received word of the safe arrival of her son Charles, in France.

BILLET IN STABLE HAS ITS OBJECTIONS

Howard L. Vermillion, who is in France with the American army, is a fond of the French style of living, believing that the homes and stables should be separated, according to the following letter which he has written his mother, Mrs. E. O. Vermillion:

"I liked the trip across very well, but would rather be on land to do my fighting.

"The people here are very much different from those at home, and their mode of living would not suit me at all. They live in the upper story and have their stable on the ground floor, and the aroma from these houses is not that of an American Beauty rose.

"We are not permitted to tell where we are located nor where we sailed from or where we landed. But will say that the sight of land was quite a welcome sight.

"It rains here almost every day and it is not so warm as it was in Georgia. We do not get much war news around camp, for it is seldom we get a paper. There is an American paper printed in France that we get once in a while and from that we can get a little news from the front and from home. Am at the Y. M. C. A. now and it sure is a fine thing. It is equipped with books, papers, music and moving pictures and it is a fine place to spend spare time.

"I feel able to take care of myself, also to handle arms and all that happens my way. Also expect to be on my way home before long."

Mail should be addressed Howard L. Vermillion, Co. 21, Aug. A. R. D. Inf., American Expeditionary Forces.

You Need Not Buy Any More Cream

In these days when you are watching every cent of household expense, have you realized you can cut down milk and cream bills by using Every Day Milk?

Some use Every Day Milk only for cooking, baking, infant feeding and other purposes for which ordinary milk is required, but do not know that many prefer Every Day Milk to cream for coffee, fruits, cereals, puddings, etc.

Every Day Milk answers every purpose for which either good fresh milk or cream is desired—and Every Day Milk is economical, too. It is always good and always ready to be used with no loss from soured or spoiled.

OLD FRIEND WAS A TERROR

But your dose of Epsom Salts will taste like lemonade now—Read!

Instead of asking for the common Epsom Salts, ask for Epsom Salts hereafter. You will get a big package for only 15 cents. Epsom Salts look and taste exactly like Epsom Salts, because it is Epsom Salts combined with fruit derivatives thus making a sparkling, effervescent, lemonade-like drink for the liver and bowels. Unlike the "tablets" of this delirious Salts in a glass of cold water when you feel bilious, sick, headachy or constipated and get the quick and splendid action of a dose of Epsom Salts without the horrible taste.

Epsom Salts will replace the old Epsom Salts, Rochelle Salts, Sodium Phosphate and Cathartic Pills in every home save local druggists. (Advt.)

HEBRON BOY SAYS BIG GUNS WILL FINISH HUNS

Private Lawrence J. Johnson, Pvt. D. 324th F. A. Co., a Hebron boy is enjoying his army experience in France. He writes a friend and said although the weather was quite warm the evenings were cool. He says the big guns which they were using have the Germans on the run. His letter follows:

"I am sitting outside of the barracks watching the airplanes. It sure is hot here during the day but very pleasant at night. Well, I was helping to take care of the horses today, we have quite a number of horses in the battery and each day a bunch of the boys are detailed to take care of them. We have got our big guns and believe me they are some more guns.

You could hear one of them when it is fired you would think so. My job on the gun at the present time is putting in the shells; we began firing the guns Monday.

"It is very hot here today especially when you drill with gas masks, but we are willing to drill with them for they will be a great friend to us on the front for the Germans use a good bit of gas. The Germans are still retreating and losing a good many of their men. It takes the Germans a long time to get their eyes open, but what it takes to make them get their eyes open the U. S. has got and it won't take her very long to do it, either. We are getting some real training now. We are at it all the time.

Whatever it takes to win this war we are willing to learn and do all we can. All the boys from Hebron are well. I wish I could explain my trip to you, but it would be cut out by the censor so I will have to wait until I see you. I have seen several ancient buildings. I was in a castle that was built in 1655 so you see that it was very near 900 years old. The greater part of France is a very beautiful country, the land is rolling. The farm land is all fenced off into small fields.

Private Lawrence J. Johnson, Battery D, Reg. 324th, F. A. Co., American Expeditionary Forces.

YANKEE HOSPITAL UNIT QUARANTINED AT SIDNEY

Newark Soldier's Company Taken From Transport in Nova Scotia When Influenza Breaks Out.

The army is using every means to prevent the spread of influenza, says Harry O. ("Hans") Jennings to his father, Frank Jennings of Wilson street. The letter was written October 1, from Sydney, Cape Breton, Nova Scotia. It follows:

"We are at the Moctham military convalescent hospital in Nova Scotia. Some of the boys got sick on board ship and they took our company and two other companies off the boat here. They have got the Spanish influenza, and some cases ran into pneumonia. I have about half a cold, but I have had that for some time. I am an orderly in the hospital working in the kitchen. I don't know how long we will be here—about a month, I guess. We have been here a week now. Sunday, it has been awful junk weather up here. It has rained every day since we hit here, and it is pretty darn chilly. We sleep in tents and about freeze at night. This is some swell building though. It is the summer home of a man in the name of Moctham, and I understand he is from the good old U. S. A. It is a swell mansion right along Cape Breton bay. He donated it to Canada for a hospital. There is a bunch of Canadian soldiers here who have been across and in the big fight. Well, as there is nothing to tell you I will close for this time. I don't think I will do you any good to answer because I don't know how long it will be before you get this and how long it would take anything to get to me for we are likely to be gone. The Canadians are a swell bunch of people. They treat us fine. We are right up in the fall time here. I bet it is fine here in the summer."

THE MARKETS

Wall Street.
(ASSOCIATED PRESS TELEGRAM)

New York, Oct. 18.—Bulls, coppers and oils guided the list to materially higher levels on the active resumption of stock trading today, gains ranging from 1 to 2 1/2 points. The advance also included U. S. Steel, Pullman, Locomotive, American Can, Studebaker, Ohio Gas and Sugar at gains of large fractions to 1 1/2 points, all the recent speculative favorites. Murnes alone failed to register more than normal improvement. Cuts extended their advance in the last half hour, but elsewhere prices reacted moderately on profit taking.

The market was active during the morning, the last hour's turn over approaching a half million. Selling for profits and a four point decline in Murnes preferred provoked reactions of 1 to 3 points from highest levels. U. S. Steel also for forming of its gain of 1 1/2. Leaders of the group mainly Bethlehem and Crucible steels and Pullman Locomotive yielded 1 to 2 points. Inclusion among the gains of the morning were motor and utilities at advances of 1 to 4. Recoveries in Marine and U. S. Steel and new high records for oil, with Royal Dutch rising 16 points, imparted fresh strength to the market at noon.

Additional gains ranging from 2 to 35 points were registered in the course of today's stock market on the largest dealings of the year. Sales approximated 1,500,000 shares.

Chicago Grain and Provisions.
(ASSOCIATED PRESS TELEGRAM)

Chicago, Oct. 18.—Corn prices took an upward swing today, influenced to a considerable extent by current reports that the German U-boats had been called in. Opening prices, which ranged from 1 1/2 to 1 3/4 higher, with November 1.20 to 1.20 1/2, and December 1.16 to 1.16 1/2 were followed by decided further upticks.

Oats developed firmness with corn. After opening unchanged 1 to 1 1/2c higher, with November 66 1/2 to 66 3/4c, the market continued to ascend.

Provisions reflected weakness in the hog market. Rallies took place however, when cereals advanced.

CHARLES ORDERS CONFEDERATION

Issues Proclamation Declaring Autonomy For Various States of Austrian Empire.

Vienna (via Basel), Oct. 18.—The Austrian emperor has issued the following manifesto:

"To My Faithful Austrian People:—Since I have ascended to the throne I have tried to make it my duty to assure to all my people the peace so ardently desired and to point the way to Austria people of a prosperous development unhindered by obstacles which brutal force creates against intellectual and economic prosperity.

"The terrible struggles in the world war thus far make the work of peace impossible. The heavy sacrifices of war should assure to us an honorable peace, on the threshold of which, by the help of God, we are today.

"We must, therefore, undertake without delay the reorganization of our country on a natural, and therefore, solid basis. Such a reorganization, which the Austrian people be harmonized, I have decided to accomplish by the free collaboration of my peoples in the spirit and principles which our allied monarchs have adopted in their offer of peace.

"Austria must become, in conformity with the will of its people, a confederate state in which each national group shall be formed on the basis of territory which it occupies its own local autonomy.

"This does not mean that we are already envisaging the union of the Polish territories of Austria with the independent Polish state.

"The city of Trieste with all its surroundings shall, in conformity with the desire of its population, be treated separately."

Ford

Ford cars are important servants everywhere. They help the family enjoy life, bring the pleasures and advantages of the town within reach of the farmer and give practical service every day in country and town. They require a minimum of attention; any one can run the Ford and care for it, but it is better to have repairs and replacements taken care of by those who are familiar with the work and have the tools, the genuine materials, and skilled men to do the work promptly. We pledge Ford owners the reliable Ford service, with real Ford parts and standard Ford prices.

"Dr. Caldwell's Syrup Pepsin is the best remedy we have found for constipation. We cannot say too much for it." (From a letter to Dr. Caldwell written by Mr. Winfield S. Taylor, 342 Penn St., Burlington, N. J.)

Dr. Caldwell's Syrup Pepsin is the best remedy for constipation because it acts gently and does not gripe and strain. Its freedom from all habit-forming properties and its positive effect make it the ideal remedy for the family medicine-chest.

TO PREVENT SPANISH INFLUENZA START USING "NOSTRIOLA" NOW

"Nostricola" Is Antiseptic, Cleansing, Opens Air Passages, and Prevents Diseases of Nose, Throat and Bronchial Tubes.

"An ounce of prevention is worth a pound of cure." Don't take chances, but get "NOSTRIOLA" Balm or Liquid of your druggist today, and let every member of the family start using it night and morning.

Proper precautionary measures should be taken speedily in order to prevent catching cold, as an acute cold may lead to an acute attack of Spanish Influenza.

Run which causes Spanish Influenza, resides in the nose, throat and bronchial tubes. Infection, therefore, is readily communicated from the sick to the well by sneezing and coughing, or by infected towels, drinking vessels or other articles previously used by the sick.

All druggists sell and recommend "NOSTRIOLA." It costs but a trifle and it is something that should be used at this season by every member of the family to prevent and relieve colds, which often lead to catarrh and other diseases if not checked promptly.

"NOSTRIOLA" Balm, Liquid and the special Nostricola Atomizer Outfit can be obtained at T. J. Evans' and all druggists. (Adv't.) 10-18-23

DOCTORS PRESCRIBE MUSTARINE FOR SORE THROAT AND COLD ON CHEST

Brings Blessed Relief Over Night. Faith in Mustarine for Sore Throat, Cold on Chest, Whooping Cough, Tonsillitis, Pluerisy and Tonsillitis, It Acts Quickly and Reliably and is Better Than Stomach Dosing.

Buy the large size, it's more economical, contains nearly three times as much as the small size at only twice the price. Look for the yellow box if you want the original substitute for the old blistering mustard plaster.

Mustarine Can't Blister—Just Rub It On.

PILE SUFFERERS! CLEVER OHIO CHEMIST SAYS THIS GREAT PRESCRIPTION TAKEN INTERNALLY HAS NEVER FAILED

Even chronic cases of 20 to 30 years standing, with profuse bleeding, have been completely cured in from three to ten days.

No discovery of recent years in the field of medicine has caused such a stir amongst the medical profession as the recent discovery that piles can be successfully treated and cured at home by a wonderful prescription known to druggists as Miro Pile Remedy.

It has been proved that so-called external remedies applied or inserted into the rectum cannot cure piles and at the best only give temporary relief. This is also true of surgical operations which simply remove them after formation, but in no wise acts on the source of the trouble.

This prescription, although taken internally, is not digested in the stomach, but is rapidly passed on unchanged to the intestines in a short time, reaching the exact place where by its soothing, healing action, it first allays all inflammation and then by direct contact with all ulcers and piles, causes them to heal and disappear forever.

It's positively marvelous how speedily it acts. Blessed relief often comes in two or three days at most, even in cases with profuse bleeding that have resisted all known treatments and operations. Really wonderful results have been accomplished.

The author of this amazing discovery desires all sufferers to know that he does not want a cent of anyone's money unless Miro Pile Remedy decisively conquers even in the worst cases and he has instructed druggists all over the country to guarantee it in every case of internal, bleeding or protruding piles.

IMPORTANT: What is known as hemorrhoids are not piles in the true sense of the word, although this condition may accomplish a true case of piles. For this condition Miro Pile Ointment has been prepared as in such cases it is not necessary to take the internal prescription.

FINDS REMINDERS OF HOME ABROAD

Newark Telephone Worker "Cuts In" On Line To Find An American Girl Talking.

In his travels through many cities of France, Arthur Beasley, of Company E, 402nd telegraph battalion, United States signal corps, in France, has come across many American-made articles, all of which cause a gleam of homesickness to penetrate his thoughts.

He says: "I am not hurting myself working, but at the same time working a little harder than when back home as the harder we work the sooner it will be over, and there is not a man in France but who is anxious to be back with his loved ones."

"I will tell you a little about the 'American-made' things over here, and it makes us feel a little homesick when we come in contact with them. While in one city I went through our railroad shops and 'seeing' machinists, boiler-makers and blacksmiths made me think of the B. & O. at home. At one camp I was splicing a 50-foot cable and having a day dream while working. A train passed and looking up found it was an American-made engine and watching it going down the track (which was American-made) and seeing the telephone lines with cross-arms made me feel I was somewhere in the U. S. A., until a couple of French soldiers below me awakened me by making a noise like a couple of ducks. I suppose they were just disgusted with the work I was doing."

"We also have American 'hello' girls who operate the switchboards. I had an opportunity to tap-in on a line and heard a girl speaking my own language made me think of the Newark Telephone company."

"At one city I went through a cathedral which is supposed to be one of the largest in the world. They say it took over 800 years to build it, and it was the most magnificent place I have ever seen, so far. At another place I went through one of the oldest cathedrals, and I think it was supposed to have been a few thousand years old. At the same place an American Red Cross woman took a few of us through an old king's palace and explained every part of it, which was sure wonderful."

ENGLISH KIDS ARE FOND OF U. S. COINS

Norbert Jenkins writes his parents that the English think the "Sammy" and "Yanks" are the only fighters. The children beg for American coins for souvenirs. Part of the letter written Sept. 3rd from England follows:

"We have been to one camp and now in another one, since I wrote last, I spent Labor Day moving to this camp. It is pretty nice. The American and British combined. We haven't done any work yet outside of erecting and ditching around our tents. We have been here about two weeks and this makes the fourth camp we have been to, but I guess we will stay here awhile. In one of our trips we passed through London, but we were in a hurry from one depot to another, we went on the subway trains, there by missing all the sights of the large city, but maybe I can travel from one end of England to the other in a day. The trains here look very small, small engines and cars but they go so fast."

"When I was at the other camp, I saw a cathedral and a castle of old times. I cannot write much about it as I would like to. We have surely seen lots of sights since we have been here, and hope I can live to tell some of them, for in a letter you cannot say what you would like to. But I guess I can wait for it the Allies and all of us keep the Germans moving the way they have been, it won't be long before I can tell you my experiences. I don't think this war will be much longer, although I expect to spend the winter 'over here.' We will live in these tents until the middle of October, probably, then we may go in barracks, but this out door life is great for me."

"We have so much 'mutton' to eat here that we will follow Babi at every one."

"When we came here the people were sure to ask to see us, they think the Americans are the only fighters and call us 'Sammy' and 'Yanks.' All the kids want American coins, and the money here is quite odd, but we are getting on in 2. This is surely a pretty country but everything is stopped on account of shortage of labor, very few men here, except what are in uniform. All the young girls and boys are working in factories, shops and fields. It looks quite different, nothing like at home. I don't want you to worry about me, I will get along all right and you don't need to send anything for I can do without."

CHEST COLDS AND LUNG TROUBLES

An Overnight Treatment with Bacterin's Famous "Forkols" Works Wonders by the Morning.

Don't let that hacking Cough, Sore Throat and Chest bother you. Famous FORKOLS is the remedy. Thousands right in your home town use it with satisfactory results. Doctors advise and prescribe it, hospitals use it, while every druggist in the country guarantees it. A good sized jar only costs 25 cents at any first-class drug store on the money back if dissatisfied plan.

If Mothers only knew that an application at bedtime not only soothes and heals the little one's aching throat and chest, but also ensures a good night's rest, they would not hesitate to keep a jar on hand at all times. Every sufferer from Catarrh of the nose or throat in any form should give Forkols a trial.

Your druggist or Evans' Drug Store can supply you.—Adv't.

COULD SCARCELY STAND ON FEET

Swanton Woman Attacked By Dizzy Spells That Made Her Life Miserable.

Mrs. Frank Shuster, 112 Independence street, Swanton, thinks there is nothing so good as Tanlac since it relieved her of dizzy spells that made her life almost miserable. She said: "I was afraid to go out of the house for fear of falling flat on my face."

"In the mornings when I got out of bed everything would seem to turn black before my eyes. I had the queerest feelings. A sensation would start in my stomach and come up into my head and make my heart flutter."

"I had read about Tanlac in the newspapers and decided to try it. I hadn't taken but six doses until I felt better. I believe now that all my trouble came from a stomach. I have taken two bottles of Tanlac and I have not had a dizzy spell since I finished my first bottle. I have a good appetite and feel better in every way."

"Tanlac may be obtained in Newark at Herman's Arcade Drug Store. Tanlac may also be procured at the Evans Pharmacy (Warden Hotel block, east side of square, Newark) and the Hebron Drug Store, Hebron, O.—Adv't.

SAYS HIS PRESCRIPTION HAS POWERFUL INFLUENCE OVER RHEUMATISM

Discoverer Tells Druggists Not to Take Anybody's Money Unless Ailments Completely Banished All Rheumatic Pains and Twinges.

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that only and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. Evans' Drug Store and Mykranitz Co. can supply you.

CATARRHAL DEAFNESS AND HEAD NOISES

Tells Safe and Simple Way to Treat and Relieve at Home.

If you have catarrh, catarrhal deafness or head noises caused by catarrh, or if phlegm drops in your throat and has caused catarrh of the stomach or bowels you will be glad to know that these distressing symptoms may be entirely overcome in many instances by the following treatment which you can easily prepare in your own home at little cost. Secure from your druggist 1 ounce of Eucalypti (Double Strength). Take this home and add to it 1-4 pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. An improvement is sometimes noted after the first day's treatment. Breathing should become easy, while the distressing head noises, headaches, dullness, cloudy thinking, etc., should gradually disappear under the tonic action of the treatment. Loss of smell, taste, defective hearing and mucus dripping in the back of the throat are other symptoms which suggest the presence of catarrh and which may often be overcome by this efficacious treatment. It is said that nearly ninety per cent of all ear troubles are caused by catarrh and there must, therefore, be many people whose hearing may be restored by this simple, harmless, home treatment. T. J. Evans.

DOCTORS URGE PEOPLE TO USE MORE IRON AND PHOSPHATES

Leading doctors all over the country are rapidly learning that one of the preparations they can always depend on for all blood and nerve troubles is Phosphated Iron, they have found that it gives results and can be depended upon.

Phosphated Iron has proved a real red blood and nerve builder in the Spring season, when so many are all run down and dragged out, due to lack of fresh air, exercise, green foods and clogged poisoned blood. Scientists say Phosphated Iron builds up your body by building up your blood and nerves, and many physicians claim there would be few over-worked men, nervous women, bloodless old people and pale children, were the benefits of Phosphated Iron more widely known, that there is no need of anyone going around tired out, all in, nerves on edge, suffering with poor blood and lack of energy when Phosphated Iron will make you feel like a live one, make you look 100 per cent better, give you restful sleep, brace you up so you can work with ease and enjoy life once again.

Get Phosphated Iron today and start in right, you owe it to yourself and friends.

To insure physicians and their patients getting the genuine Phosphated Iron we have put in capsules. Do not take pills or tablets. Insist on capsules. Sold by Evans' Drug Store and leading druggists everywhere.

**NEWARK MAN DIES
OF FLU IN CAPITAL**
Forest Swartz, aged 36, son of H. L.
Swartz, 73 Grant street, died at his
home in Columbus Thursday night of
influenza followed by pneumonia of the
heart. Besides his wife he leaves
one son, Henry, aged 7, his parents and
one brother, Eric all of this city.
The body will arrive here today.

**SHOE WORKER DIES
OF FLU COMPLICATION**
Lawrence Paul Noon, 28, died at his
home, 267 West Main street, Thursday
evening, following an illness of double-
pneumonia from influenza. He had
been ill for several days. Surviving is
a sister, Zella, Evans Street. His parents
three sisters, and one brother.
The body will be taken to Mt. Sterling,
Saturday, where interment will be
made. He came to Newark about four
years ago and had been employed at
the Midland shoe factory.

FOURTEEN DIE OF FLU.
(ASSOCIATED PRESS TELEGRAM)
Toledo, O., Oct. 18.—Reports to the
city health department today show 14
deaths from influenza in 24 hours, with
482 new cases.

**FEW SERIOUS CASES
AT OHIO CANTONMENT**
(ASSOCIATED PRESS TELEGRAM)
Camp Sherman, Chillicothe, Oct. 18.
With the death toll already over a
thousand here, due to Spanish influ-
enza and pneumonia, medical attaches
here do not look for many more deaths.
Few of the cases in the base hospital
now are of a serious nature.
A new rule has gone into effect at
this cantonment preventing men and
officers who have been suffering from
either of the diseases to leave the
camp before they have been examined
by the organization surgeon and given
a certificate showing they are free
from any communicable disease.
There will be in the neighborhood of
14,000 men trained here for duty with
the 95th division. One infantry brigade
will be trained in France and the
artillery unit at Camp Zachary Taylor,
Ky. Only is understood.
A report reaching here from Harri-
son township, Ross county, last night,
said that 19 people in two families were
suffering from Spanish influenza and
that the township trustees were com-
pelled to take charge of the cases, be-
cause the neighbors fled, fearing
infection.

**PORTABLE HOSPITALS
USED IN WASHINGTON**
Washington, Oct. 18.—Twenty-five
portable hospitals, similar to those used
by the Expeditionary Forces in France,
were established in Washington today
to care for influenza patients for many
of whom facilities are not available at
the city and prison hospital. The war
department will provide nurses and de-
tails of soldiers to act as orderlies.
With deaths during the 24-hour pe-
riod ending last night, numbering 31,
the record for a similar period, and
with a decided increase shown in the
number of new cases of the disease,
practically all departments of the
government joined with the public
health service today in enforcement of
stringent regulations to check the
epidemic.
Only in case of absolute necessity
will additional war workers be brought
to Washington until the epidemic is
under control.

**CONTRACTS MALADY IN
MANSFIELD; DIES HERE**
Rottin Lloyd Norris, aged 28, died at
11 Bert avenue, last night at 9:45
o'clock of influenza. He has been
working in Mansfield, Ohio, and came
feeling ill a week ago Wednesday. He
is survived by his wife, Jessie Taylor
Norris.
Funeral arrangements have not been
completed.

PIND HUNS IN OSTEND.
(ASSOCIATED PRESS TELEGRAM)
London, Oct. 18.—Some of the Ger-
man garrison failed to get away from
Ostend. The men were handed over
to the allied forces by the civilian pop-
ulation.
In the area between Bruges and the
sea large captures of Germans are not
expected, as the sector has been lightly
held by the enemy.
It was reported today that King Albert
flew over Ostend when it was still oc-
cupied by the Germans.

NEWARK SOLDIER WITH YANKS IN ST. MIHIEL DRIVE

**Troops Moved So Rapidly
Kitchens Were Left
Far Behind.**

**USED CAPTURED RATIONS
WHILE PRESSING FORWARD**

**Watches Bombing Raid and
Sees American Plane
Drop In Flames.**

In wiping out the St. Mihiel salient
several weeks ago, American troops
moved forward so rapidly that the
kitchens could not keep up with the
fighting line and as a consequence the
soldiers frequently were hungry, ac-
cording to a letter just received from
Private Francis W. Leah, of the Head-
quarters company, 166th regiment,
Itanawab division.
It has been previously announced
officially that the 166th took part in
this battle but this is the first letter
made public here telling of the ad-
vance.
Frequently, Leah says, the Yankees
captured prepared food from the Ger-
mans and in several places the towns
were captured before the Germans had
time to shut off the electric lights.
Leah is in the intelligence depart-
ment where he is serving as an obser-
vation officer. His duty gives him a
splendid opportunity to see the actual
battles in perspective, rather than a
"close up" of a limited fighting area.
He tells of watching the flight of a
bombing squadron of Yankee airplanes
and of being one of the big machines
fall in flames when struck by anti-air-
craft guns.
His letter was written September 15
in a chateau where the intelligence of-
fice of the regiment was quartered.
While he was at work, an enemy
shell burst outside the room, shat-
tering the glass in the windows and
scattering the fragments all over his
bed. "It was too close for comfort,"
Leah declared.
His letter follows:
"We have been carrying on a real
war in the past few days, and no
doubt you will hear about the closing
of the St. Mihiel salient by the French
and Americans.
"Since I have been in the intelligence
service I have been lucky in a good
time, and at the same, been doing some
real work for my nation.
"I have not seen my pack for nearly
a week. The full kit is not carried
when the troops go over the top, and
none of us boys of the intelligence
bureau carry even the pack. All I
have, besides my clothes, are a rain-
coat, belt with pistol, and extra mag-
azine pockets, with canteen on belt, a
little we belch case the Boche carried
some instruments in, and my field
glasses. Of course we always carry
helmets and gas masks.
"At present I am living in a real
chateau. I have a corner room, third
story, northeast corner, with three
other fellows from my section. The
room is 30 out 20 by 30 feet, and we
have big feather ticks, pillows and
comforts. The room had been used by
the German intelligence officers, when
they had headquarters in the chateau.
We captured valuable papers when we
took the place. I am one of the ob-
servers, any one on duty from 8 o'clock
to 11 a. m. We use the big glasses in
a little tower away up on the roof. The
Germans used it also and directed their
artillery fire on us from there.
"I was writing at the desk this after-
noon when they were putting over a
few registering shots. I heard one
coming and knew it would be too close
for comfort, so I dodged between the
windows. It exploded at the corner
of the building near the eaves, and
the splinters broke the glass in the
windows, showering it all over my
bed. That was too close for comfort,
so immediately passed for the time.
"I am enclosing some souvenirs. The
two ribbons, the Germans wear on
their coats; the black and white one
is for the iron cross. The Boche does
not carry the cross any more, but the
ribbon instead. This was a German
hospital man that Sergeant Redman
and I searched. He had the stamps
and the paper money in his pocket.
book, the cards I found in a prayer
book. We turn in papers, books and
documents, when we think they are
of value.
"We certainly made a big haul this
time. Sergeant Redmond and I found
an O. P. (observation post) with a big
scissor glass (like ours) in it; pistols,
wireless station, switchboard and a lot
of dope in books. We carried the
glasses along for we can use them.
Captain Gowdy was pleased.
"I heard Leland Stevenson was
wounded. I am not surprised. I have
seen some of the companies of his reg-
iment, but not him.
"The Boche certainly did run this
time. We have taken many prisoners.
The intelligence men look after them
also. The little German I learned at
home enables me to talk a little. An
old man said he was glad he was cap-
tured when in the war three years
and had five children.
"I was pretty nearly starved for a
while. So was everybody else. We
ran so fast after the Germans that our
kitchens could not follow fast
enough, not in one town not long
after the Germans left and found the
electric lights still burning in several
places. The church was on fire, so
could not use the steeple for observing.
We found plenty to eat and also five
big kegs of German beer. We drank
a fine amount of beer and then
open it. Sergeant Redmond knocked
out the stopper with a hammer and
it spouted all over him like an oil well.
We grabbed our cups and caught all
we could and then poured it in a bucket
and drank. I am sure it was good.
cabbage, corned beef and hardtack.
We slept in a feather bed and had
electric lights.
"The next day at noon we were four
towns ahead and hungry as starved
dogs. The town was on fire in half
a dozen places. There was a family of
French civilians, an old couple, a young
lad, two girls and a little tot, packing
up as fast as they could. They had
never seen Americans before, having
had Germans around them for several
years. They were glad we had come.
They knew the town could be cap-
tured in a few days but so far it has
not been touched, and is used by the
ambulance men. We were furnished
and they gave us a bowl of hot coffee,
sweetened with honey, some brown war
bread with honey. We gave them some
silver coins, which they did not want
to take at first, although they needed it.

"We pooled all we could find in the
provision line. One of our observers
was a cook and he cooks for us. There
is Captain Gowdy and two or three
other officers, three sergeants, includ-
ing one or two sergeants, five observers
and one color bearer. We have had
not eaten every day great big ones,
the size of a plate; fried potatoes, cof-
fee, syrup, and bread for breakfast,
and good soup for dinner and for supper.
Today we had mashed potatoes, roast
beef, stewed prunes, white and brown
bread, tea and sugar. We serve the
officers first and then eat ourselves—
that is, the rest of us.
"Just received three letters—the first
in some time. Have not been paid for
July and August. I was in the ob-
server's post, 12 midnight to 3 a. m.
Our planes raided the Boche lines
and they turned their anti-aircraft guns
on them. They hit one of our bomb-
ers and I watched him through the
glasses as he fell all in flames. Our
casualties have been very light lately,
so not much danger."

ESTIMATE DISTRICT LOAN PLEDGES NEAR GOAL

(ASSOCIATED PRESS TELEGRAM)
Cleveland, Oct. 18.—A more optimis-
tic tone pervaded Fourth Liberty
Loan reports received at headquarters
here today from all parts of the
Fourth Federal Reserve district. Early
estimates placed the combined sales
and pledges at \$529,439,800, with the
official district sales placed at \$350,
182,950.
Cleveland was within \$19,000,000 of
its \$119,000,000 quota while Cincinnati
was within ten per cent of its goal.
"If the doubling up of subscriptions
is sufficient to maintain the gains of
the last two days the fourth district
will go over,"
Chairman D. C. Willis said.
"The outlook is decidedly brighter,
but we are still a long way from our
goal, there cannot be any let up."
Geauga, Tuscarawas, Huron, Fay-
ette and Meigs counties, Ohio, were ex-
pected to be added to the list of 685
honor flag winners today.
Six counties in Ohio—Hardin, Erie,
Morgan, Seneca, Greene and Fulton—
and twelve counties in Kentucky, went
over yesterday. The most discouraging
reports were received from Union
county, which indicated its quota of
\$800,000 will not be raised by Saturday
night. Medina and Richland counties
report a shortage of \$400,000.

OHIO TROOPS DID THEIR FULL DUTY

Commander of Buckeye Di-
vision Tells Governor the
37th Advanced Several
Miles In Drive.

(ASSOCIATED PRESS TELEGRAM)
Columbus, Oct. 18.—How the Ohio
boys of the 37th division, formerly the
Ohio National Guard, upheld the honor
of the state in their "charge over the
top" when General Pershing's army
flattened out the St. Mihiel salient, is
told in a cablegram to Governor Cox
from Major General Charles S. Farns-
worth, received at the executive office
today. The cablegram said:
"Your excellency's message express-
ing gratitude and affection of the peo-
ple of Ohio transmitted to troops. The
Buckeye division upheld the honor of
the state and maintained the best tra-
dition of Ohio soldiers for courage
in battle and devotion to duty.
"It went over the top against one of
the strongest fortified sectors of the
western front, advanced several miles,
captured artillery, machine guns, mu-
nitions of war and hundreds of prison-
ers. The division has a splendid rec-
ord. It will again advance with re-
newed confidence in itself, firm in its
country's cause and gratitude for your
expression of love of its homefolks."

U. S. ASSIGNS DOCTOR TO HELP FIGHT FLU

(ASSOCIATED PRESS TELEGRAM)
Columbus, Ohio, Oct. 18.—With ap-
proximately 50,000 cases of Spanish in-
fluenza already reported to the state
health department, acting health com-
missioner J. E. Bauman today said he
did not expect the epidemic to reach its
crest before the latter part of next
week. He said that affected centers are
reported each day.
Physicians from other cities have
been detailed to assist local physicians
in East Palestine, Marion, Ashland,
Hamilton and the mining district
around Cambridge.
Dr. I. W. Scott of the public health
service at Washington arrived today
to assist in the assignment of physi-
cians where they are most needed.

REFUSES \$4850 FOR BLOODED HOLSTEIN

William C. Miller, refused to take
\$4,850 for a cow owned by him at the
Dairy show held this week in Colum-
bus. The bids on the cow ran up to
\$1,850, but Mr. Miller refused to part
with the cow for that sum. He sold a
number of other animals, however, all
a part of his valuable herd of Holsteins.

GERMAN RETREAT PLAN SHATTERED BY ALLIES

(ASSOCIATED PRESS TELEGRAM)
With the French Army in Flanders,
Oct. 18.—(Havre)—The German re-
treat plan, which was based on the
idea of preparing three successive lines
upon each one of which they intended
to halt and reform. According to cap-
tured German officers, the two first lines
already have been broken by the allied
advance and the third one will be reach-
ed in a few days.
At the beginning of the allied attack,
October 14, there were eight divisions
in the German's first lines. These were
reinforced by seven new divisions, but
the new divisions already were exhaust-
ed and were of little help. During the
night of October 15, two divisions from
the Russian front were thrown into the
battle, but their strength had been
greatly reduced and their morale was
very weak. The seventeen divisions
were broken and the German soldiers
were waiting for liberation.

The retreating Germans continue acts
of barbarity. At Ischem, German sol-
diers threw bombs at a dugout where
civilian refugees had sought shelter and
were waiting for liberation.

How to Buy Well

NOW, more than ever
before, the import-
ance of buying carefully
when buying clothes
stands to the fore.

One cannot afford to experiment
with doubtful, untried values because
men's clothing of all kinds costs more
today than ever before.

Therefore, it is important that one buy well—that he pay enough to
secure garments marked with this label:

BOYS LEARN TO WASH CLOTHES OVER THERE

That the boys overseas have become
expert "washermen" is shown in a let-
ter received here by Mrs. W. D. Coop-

Frank C. Morehead, in Italy, written
August 25th. It reads in part:
"I am enjoying myself fine. I sup-
pose you are all doing the same back
there. If you are not it is your own
fault. You ask me to write a long
letter but I can't write that kind of
a letter yet. You will have to wait
until I get home. I don't know when
but I think before long. I have
learned to like this country, although
it is awfully hot. I didn't do very
much yesterday. I am going to the
creek tonight and take a little swim
and wash my clothes. I was to wait
ing picture show the other night and
enjoyed it very much. We also have
ball games, which makes it very in-

GERMANY LOSES ALL OF COAST

Belgian Patrols Enter
Bruges and British
Forces Occupy Douai—
Retreat Continues.

(Compiled from A. P. Dispatches.)
Germany has apparently lost the whole of Belgium coast which for four years has been base of the submarine and aerial attacks against England and English shipping. Ostend has been taken, Lille has been occupied and Douai has fallen to the allies.

Belgian patrols are said to be in Bruges which is only about eight miles from the Dutch frontier.
German forces defeated and virtually demoralized are said to be in full retreat toward Antwerp.

Over a wide section of the front in Belgium and northern France the British, French and Belgian armies have swept forward with relentless speed, crushing their guard detachments left behind the Germans to retard pursuit. Immense quantities of materials have been captured by the allies and the number of prisoners taken is steadily mounting.

Keeping step with this movement, although at a slow pace, the allied forces south have been moving ahead. From reports, it would appear that two American contingents are operating in front east of Cambrai and St. Quentin. One is working with the British and is aiding in the advance into the German defense east of Le Cateau. The other is with the French and is materially assisting in the attempt to smash in the right flank of the German salient northeast of Laon.

In both these regions the allies have found German resistance very stubborn and have been forced to fight their way ahead in the face of withering gusts of bullets and shells from the German armies which have apparently turned at bay. It is probable that east of the Le Cateau the Germans are standing on the Hunding line of defensive soon established to support the Hindenburg system, which is now gone. Further south the enemy is evidently holding the allies at bay until the forces retreating from Laon can make their escape.

The retreat from Laon has, it is admitted by allied observers, been conducted with great skill. It has been a tremendous task to move thousands of men, hundreds of heavy guns and mountains of munitions out of the Laon sector, but it is being done while the flanks of the salient stand firm.

Continued rains have retarded the

NERVE WRECKED MEN AND WOMEN NEED BIO-FEREN

7 A DAY FOR 7 DAYS

People whose nerves are shattered because of overeating, too much work, worry, excessive use of tobacco or strong drink or in fact any excess that affects the nervous system will find in Bio-feren a health restorer that speedily brings back the vigorous nerve force that makes life worth living. Bio-feren is a triumph of present day research and study; it is a grand and inexpensive remedy that gives results in a surprisingly short time. The formula is no secret.

If you want better health, stronger nerves and keener mind get a package at any pharmacist. Take two after each meal and one at bedtime—7 a day for 7 days—then one after each meal until the supply is exhausted.

It's worth a lot of money to have nerves like steel, a clear, active brain and strong, vigorous body, and Bio-feren will give you all these much desired blessings if you have faith enough to make a start.

American advance in the Argonne sector but in spite of the bad weather and the terrible condition of the ground, General Pershing's men have gained ground east of the Argonne forest. Cote Chatillon, a dominating height, has been taken and positions near it are solidly held by the Americans.

Germany is expected to send a rejoinder to President Wilson's reply to the peace proposals of Prince Maximilian. It is reported that the note was sent last night. Field Marshal von Hindenburg is reported in Berlin to participate in the framing of the note to Washington.

Rumors to the effect that the Field Marshal virtually dictated the first peace note from Berlin to Washington will be recalled in connection with the present situation. It was said he had insisted that Germany make peace, if possible, and in the event that was impossible, a retreat to lines near or on the German frontier would be imperative.

LILLE RESIDENTS WEEP WITH JOY WHEN CITY IS FREED OF ENEMY

French Aviation Officer Flies To City To Greet His Father, Whom He Had Not Seen In Four Years—120,000 Inhabitants Remain.

(ASSOCIATED PRESS TELGRAM)
Paris, Oct. 18.—"I have just witnessed the most touching spectacle of my life. The whole city, in a delirium of joy, was ready to throw itself upon us the first to enter Lille," telegraphs the war correspondent of the Petit Journal from that city.

"Tonight at 9 o'clock, near Arras, an officer shouted to us 'Lille is taken! We speeded our auto on the road to victory.'

"Two miles from Lille two young girls ran out in front of our automobile, crying, amid sobs of joy. They have gone! They have gone! Vive Les Anglais! Vive La France!

"We went a little further and then a huge shell-hole obliged us to abandon our machine and proceed on foot. Two more girls, who had run out of the city to meet their deliverers, cried, while tears streamed down their cheeks, 'They won't come!'

"A hack appeared and we got in, but a crowd seized us. One man climbed on our shoulders.

"Another shouted to us: 'My name is Guisene! I am city councillor. The Germans offered me a million to betray my country. The coward! The coward! And then he burst into sobbing.'

"Carried by the crowd we arrived at the city hall. Deputy Mayor Baudouin stood at the door. When we entered, everyone rushed to embrace us. An old man with white hair stood with a violin at the top of the grand staircase and played the 'Marseillaise.' We were the first messengers from the motherland.

"Speak! speak! to us," they cried. We opened the window and told of our victory. A shout went up that filled the city. We told of the Bulgarian capitulation. Again the cheers. We told of the Turkish promise to quit the war, and again the crowd cheered. Then we told the people that President Wilson had refused to grant an armistice and demanded Emperor William's head.

"The crowd in a frenzy tossed everything it could lay hands on into the air.

"At the prefecture the acting prefect, M. Requier, embraced us and there was a fresh outburst of cheering from the crowd. It was for Mayor Desballe, and for his son, a French officer of the Legion of Honor, and wearing the war cross. This officer, an aviator, heard at 11 o'clock that the city had been freed. He leaped into his machine, flew quickly to Lille, and landed in the Place du Theatre. Alighting, he rushed to his father's home.

"This was the first French uniform the liberated citizens had seen and the sight of it increased their delirium of joy.

Lille. The Germans had carried off all male population more than 14 years of age. The city is not greatly damaged and the public buildings are intact."

BANS NEW BEER.
(ASSOCIATED PRESS TELGRAM)
Washington, Oct. 18.—Not even the so-called Krutzen, or new beer, for December 1, under a ruling announced today by Food Administrator Hoover and Fuel Administrator Garfield, brewers had asked that they be allowed to brew new beer for this purpose after the date fixed by the president for all brewing to cease.

In sizing up a man some are big, some small and some ostracized.

"YOU'LL NEVER BE CURED," DOCTOR TOLD MRS. TODD

But He Was Mistaken as Her Use of Nerv-Worth Soon Proved.

This remarkable endorsement is another illustration of the folly of giving up, even when the family physician says it's all off. It is always in order to hope for better things while Nerv-Worth lasts. Mrs. Todd told why to her Hamilton, Ohio, druggist.

Howe's Drug Store: I have been sick for about 18 months. I had smothering spells. Sometimes I thought I would die. My doctor said I could never get well. I could not stand to do my work. I could not walk any distance.

I saw Nerv-Worth was highly recommended so I got a bottle and tried it. It did me so much good that I got two bottles more. I CAN DO ALL MY WORK NOW. I will always praise Nerv-Worth. Yours truly, MRS. DELL TODD.

Trenton, Ohio, (near Hamilton.) T. J. Evans, druggist, sells Nerv-Worth in Newark. Your dollar back if this famous family tonic does not benefit you. Neighborhood agents: C. S. Howard, Johnston; W. P. Climan, Granville; Uteha Drug Store, Utica; Hebron Drug Store, Hebron.—Adv.

GERMANS OBJECT TO PRES. WILSON'S TONE

Berlin, Thursday, Oct. 17.—President Wilson's reply to the German note is reported as a new state of affairs in diplomatic discussions relative to peace. The German note, reported here from German sources, and the German reply, it is said, will make it clear to the world that the time involved by the present war was open to discussion.

There have been passionate discussions of the president's reply at present meetings of the German press. The line of policy has been determined, and there has been prolonged deliberations on the subject.

The presence of Field Marshal von Hindenburg in Berlin is believed to justify the German note. Under the circumstances it is uncertain whether the president will have to make a new statement.

In the case of the president's reply, the German press has been determined to make a full dress debate in which the social and political aspects of the war will be discussed. Notably, Frederick Ebert, vice president of the social democratic party, will take part. So too will members of the reichstag will take part.
